

The Innovation Connection

University of
Connecticut

School of Engineering

Where opportunity and innovation meet.

Thursday, July 21, 2011 4pm - 6pm

Informal, Interactive Panel Discussion

Role of innovation and collaboration in driving economic development, including the planned Tech Park in Storrs; the State's role in spurring innovation; incubators; and innovation acceleration.

Panelists will include:

- Catherine Smith, Commissioner, Connecticut Department of Economic Development
- Mun Y. Choi, Ph.D., Dean, UConn School of Engineering

Moderator: Kevin Bouley, CEO, Nerac, Inc.

Social Networking Function

Come and meet innovators and entrepreneurs of every stripe in a relaxed atmosphere (food and beverages)! It's all about innovation in Connecticut, with a highlight on UConn's pioneering developments in science and engineering.

About Nerac:

Nerac Inc. is a global research and advisory firm for companies developing innovative products and technologies. Nerac provides expert insights that equip clients with the knowledge to develop or refine a technology, explore market growth opportunities, evaluate intellectual property strategies and respond to regulatory changes. Nerac has approximately 1,200 clients worldwide and a long, successful consulting history in a wide-range of industries with a strong focus in the areas of pharmaceutical, medical device, energy and specialty chemicals.
